11 A YEAR STRICTLY IN ADVANCE

Entered at the postoffice at Stanford as second class mail matter.

POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary, August 7th, 1915.

For Circuit Judge

C. A. HARDIN, of Mercer county.
CHAS. C. FOX, of Boyle county.

For Commonwealth's Attorney

E. V. PURYEAR, of Boyle county.
R. W. KEENON, of Mercer county.
J. S. OWSLEY, Jr., of Lincoln county.

For Railroad Commissioner

WM. F. KLAIR, of Fayette county.

Henry Ford, maker of the great Ford car, is in a class all by his lonesome in that line of business, but when he called on the Federal Industrial Commission and made the proposition that he would guarantee to take every man in Sing Sing and make a man of him if turned over

body and soul to him, we are inclined to believe that sometime he lets his enthusiasm get the better of his judgment. He would work them in his motor works on the profit-sharing plan and by good treatment hope to redeem them. His effort might, and likely would be successful in many instances, but when it came to convincing some of the hardened criminals as to the error of their way we opine that unless he is an unusually strong-hearted man he would give up the job before he got well started in his work of redemption. Some bad men can be helped by kind treatment; others have to be punished as to certain children. It would look mighty good to see Sing Sing's doors flung wide open, but we of this generation can not hope for such, and indeed the millennium will have dawned before such a glorious sight is witnessed.

Senator Camden, of Kentucky, voted with the republicans against the democratic ship purchase bill which is now before congress. He was given a terrific exhortation by Senator Stone, of Missouri, and the papers contain an intimation that Ole James may take a crack at him, also. Quite a number who do not like Camden are calling attention to the fact that he has been a regular democrat only a few years, it being alleged that he voted against Bryan every time he ran for the presidency. And these critics are now saying that it hasn't taken him long to get back to the republicans.

The evil that men do live after them. Robert Graves, who for his kind and generous deeds was known as the "good old man" of Keokuk, Iowa, and who was greatly beloved in life, has since his death a few months ago, become the subject of most of the conversations in his old home. He not only had two wives, but the papers state that he sold "green goods" for years and borrowed money from widows and others, which he never paid back.

"Gum Shoe" Hunter has arisen from the dead, as it were, and wants the republican nomination for governor of Kentucky. The thing is not worth having, of course, but even at that he hasn't a show on his life to get it. Things are all fixed for Ed Morrow, of Somerset, to carry the banner to dishonor.

In 1914 the American railroads killed 10,302 persons and injured 192,662. No need of wars in this country as long as the railroads and automobiles do their deadly work.

A Food and Nerve Tonic is frequently required by old age. We always recommend
Rexall Olive Oil Emulsion
containing Hypophosphites
as an ideal combination for this purpose.
Penny's Drug Store.

Dr. N. H. McNew, editor of the Carlisle Mercury, ex-county judge of Nicholas and a reputable physician, has made an assignment. If a man with all these jobs can't make buckle and tongue meet, what would he have done if he had failed to connect with one or two of them and attempted to live with one and only one?

The biggest baker in Chicago has advanced the price of bread six cents a loaf. In other sections the size of the loaf has been so greatly decreased that in some instances a microscope is required to see the little thing at all. And as wheat is still soaring, we of course, may expect bigger prices and smaller loaves.

The Louisville butcher who sold horse meat has served his term and is out of jail. The fellow who has been dishing out dog meat in Bologna sausage hasn't paid his penalty yet, but he has been the cause of enough people dying living deaths from indigestion to make his just punishment hanging or even burning.

Thirty-three of Kentucky's counties have asked for State aid in building highways this year and three others have voted bond issues for better roads. If this keeps up we may see the day when we can point with pride to our roads, as we did when the toll-gate system was in vogue.

The word has been sent out from Washington that postmasters must cut down expenses. This must be done without affecting efficiency, however. An official statement says that falling revenues are due to war and not internal conditions.

WAR MULES WANTED MONDAY

Fox & Farris, of Danville, will be at Carter's Stable, Stanford, Monday, county court day to buy war mules. Brink in what you have to sell. 11-11

Dixie Rook Club.

Mrs. W. R. Todd entertained the Dixie Rook Club at the home of Mrs. W. K. Warner Thursday afternoon in a most attractive way and a delightful afternoon was spent by all who were present. Mrs. Warner and Miss Virginia Bourne played in the absence of two of the members and an attractive salad course was served at the conclusion of the games. Mrs. Alfred Pence made the highest score of the day.

A VALUABLE SUGGESTION

Important to Everyone

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Stanford Interior Journal. 10-3.

HELPFUL WORDS FROM A STANFORD CITIZEN

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region? These symptoms suggest weak kidneys.

If so there is danger in delay. Weak kidneys get fast weaker. Give your trouble prompt attention.

Doan's Kidney Pills are for weak kidneys. Your neighbors use and recommend them.

Read this Stanford testimony. "A few years ago I was down with my back and I couldn't stoop or lift," says J. T. Spoonamore, of Whitley avenue, Stanford. "The kidney secretions were too frequent in passage and caused me a great deal of annoyance. I tried a dozen different remedies, but didn't get any benefit until I got a supply of Doan's Kidney Pills. By the time I had finished two boxes, I was cured. Kidney trouble has never bothered me since. Others of my family have also used Doan's Kidney Pills and have found them satisfactory."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Spoonamore had. Foster-Milburn Co., Props., Buffalo, N. Y.

A NEW FIRM.

After 25 years of close confinement to my business, without a vacation, save when forced out by sickness, I find I need a rest. My health demands it, and so I have sold a half interest in my business to Mr. J. C. Bailey, who has so efficiently performed the duties of Cashier of the Crab Orchard Banking Co. for years, and a son of Judge James P. Bailey. There will be no change in the business, only Mr. Bailey will give his entire attention, thus allowing me a little more time in the open air and sunshine.

We will carry the same lines of merchandise that we have always carried—the very best the markets afford. Our books will be open, as they have always been, to all who pay their accounts. Our services will be that courteous, patient, accommodating kind that has made our business a success. We want you to come and see us, leave your bundles with us, call us over phone No. 191 for any favor we can do or errand we can run, and we want you to buy your MEN'S SWEAR and LADIES' SHOES from us.

The style of the firm will be McROBERTS & BAILEY.

H. J. McROBERTS, Stanford.

PREACHERSVILLE

Mr. Meade Gill, age 25 and Miss Zula Mabrian Naylor, age 23 drove to Stanford last Wednesday where they were united in marriage by Rev. M. D. Early at the Baptist parsonage.

Mr. Gill is the oldest son of Mr. and Mrs. S. N. Gill, and is an energetic and industrious young man and a gentleman in every respect. The bride is a daughter of Mr. and Mrs. John Naylor, of this place, and is as pretty as she is popular. Besides being handsome and a lady whom everyone likes she is a nice housekeeper and will make an excellent companion for the man of her choice. The bride was beautifully dressed in blue and never looked handsomer than on her wedding day. After the ceremony, the happy couple drove to the home of Mr. and Mrs. William Naylor, south of Stanford, where they found a nice wedding supper awaiting them. We join their host of friends in wishing them a long and happy life together, and may they never know sorrow.

Roscoe Colyer's tobacco crop recently sold, was 5,000 pounds and not 50,000 as the types made us say.

Mr. Baker, of Stanford, is moving to the property recently bought of J. L. Kennedy for \$700.

M. O. Kennedy and Fred Sutton, of Bryantsville, were at Mrs. G. C. Kennedy's one day last week.

George Todd, of Rockcastle, visited Mason Holtzclaw.

Mrs. Robert Jordan, of Pineville, and Mrs. George Anderson, of Corbin, visited Mr. and Mrs. W. E. Jordan in this section.

F. L. Thompson has been quite sick but is able to be out again.

Mrs. W. H. Cummins is improving and friends hope for a speedy recovery.

Our School Improvement League rendered a good program Friday night.

Jones L. Anderson is able to be out again.

Alfred Owens have been sick of a deep cold.

The broken arm of Master William Naylor is mending very nicely.

Preachersville boys are the "tradingest" boys anywhere. Knives, guns, etc., exchange very quickly but the quickest swap was when Woods Carpenter and "Sweetcakes" Roberts traded pants in three minutes, the other day.

Miss Gracie Lunsford visited her aunt, Mrs. George Colson.

A young child of Mr. and Mrs. Jas. Pointer is quite ill.

The Baptist church has been curtailed off into six nice class rooms by the Baptist Sunday school—a much needed improvement.

W. C. Blankenship and children visited homefolks.

Fred Bell left Sunday for Corbin, where he will spend some time.

TRIBUTE TO EX-LINCOLNITE

Is Paid In Glowing Terms By Prominent St. Louis Trade Journal.

A recent issue of the St. Louis Commercial News and Labor Gazette in a write-up of business men of prominence in the south, paid a glowing tribute to a former Lincoln county young man, Eugene Gooch, a son of Mr. Hunley Gooch, of near Waynesburg, which will be of interest to his many friends "back home."

Mr. Gooch is the president of the Consumers' Lumber Company, of Belzoni, Mississippi. The St. Louis paper said of him:

"His mentality has vigor, strength and activity.

His perception of any subject in which he is interested is clear and of exact measurement.

He has the faculty of proportioning mankind as he meets them. His knowledge of the inner thought tendency and object of the person, with whom he deals, gives him the power he so readily exercises.

It is leverage in business transactions with which he removes obstacles and seeming difficulties.

He can conceal his own thought without giving expression to it in face or act, but when he speaks it is to the point, definite and decisive.

His mental force is studied fair dealing and the wisdom of minding his own affairs.

He is not a trespasser upon ignorance, but enjoys keen intellectual opposition.

His business enterprises are mentally built with the skill of an artist. He has not inclination to build others' failures, nor disposition to interfere with others' projects.

So it comes to pass that he acts according to the cloth he has in hand.

He has the quickness of the progressive man and is alive with the spirit of the times. And while he is one of the "men of class," his actions talk and general characteristics bespeak him as a man of the people.

Quick in his judgment of men and the affairs of men, he is usually accurate in his convictions.

He believes in the enjoyment of all that come honestly to him, and if it be a bright, cheerful day he does not denounce it as a "weather breeder."

His disposition is hopeful, which is the encouragement of success, and he knows that a gloomy, fretful, depressed man is always a failure.

He holds with tenacity to a project that is commended to his judgment, not by simply believing in it, but with active energy to carry it to a successful conclusion.

He rightly believes that steam puts the engine in motion and also that intellectual steam gives life to business operations.

In all he is a plain, strong, dependable sort of a man, who has that indefinable something called personal magnetism that draws men to him.

Such are the mental combinations and the physical forces that make men strong and successful. Were it not for them the world would become lazy, ineffective, useless. With them the wheels of commerce and trade move swiftly round the bright waters of life never become stagnant, and exertion leads up to higher and better things.

THICKEN AND BEAUTIFY YOUR HAIR

Back Its Gloss, Lustre, Charm and Get Rid of Dandruff—Try the Moist Cloth.

be possessed of a head of heavy beautiful hair; soft lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really a new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair, making one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits anyone who tries this.

More Merit In Maxwell's

Agent H. C. Carpenter, of the Maxwell automobile, is enthusiastic over the showing his car made at the Auto Exhibit at Louisville this week. He is citing farmers to an extent from the Farmer and Fruit Grower of recent date which tells the experience one farmer had with this car. That paper said: "The car is a Maxwell stock car, and is used to cut silage and blow it up a forty five foot pipe to the top of the silo. Sixty five tons of green oats were cut in this way and the silage it cut will feed forty cows all winter." A letter from the owner of the car says: "The engine in the Maxwell can't be beaten. She runs just as good on the road now as ever, and I wouldn't trade her for a tractor or stationary engine. They wouldn't fill my silo, but they would only me around the country."

TO THE TOBACCO GROWERS OF LINCOLN COUNTY:—

We have heard some quiet talk, the kind, that says "Don't quote me" relative to some house somewhere getting "just a little more for tobacco than the old reliable MADISON HOUSE." Well we can hardly blame the fellow that makes such a statement, asking not to be "quoted." We want to be quoted however, and we want the other fellow to read the prices—actual prices—some crop lots have brought with us this season. Don't worry by saying these prices aren't real, for if you do, you must again ask the fellow that you told that to keep it on the "Q. T." "Truth needs no apology"—you can quote "anything we say to any body." You don't have to "keep it quiet"—go tell all your neighbors and all your friends. We want em all to know, just facts—only facts represented by "dollars paid for tobacco." This is worth a "whole barn of that cheap stuff so freely used and strange as it may seem, it fools some folks for a day or two.

Sick Women Made Well

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. TILLIS WATERS, 530 Mechanic Street, Camden, N.J.

From Hanover, Penn.

HANOVER, PA.—"I was a very weak woman and suffered from bearing down pains and backache. I had been married over four years and had no children. Lydia E. Pinkham's Vegetable Compound proved an excellent remedy for it made me a well woman. After taking a few bottles my pains disappeared, and we now have one of the finest boy babies you ever saw."—Mrs. C. A. RICKRODE, R.F.D., No. 5, Hanover, Pa.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Oil Treatment for Stomach Troubles

A simple prescription made up of a combination of pure vegetable oils is producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used for years by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Remedy, is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

Tackle Catarrh Now Be Free All Winter

Avoid Colds, Stiff Pneumonia, Keep Your Nose Clear and Your Throat Free.

Don't Wait Till You're All Bunged Up. Use S. S. S. Now.

If you will go into any first class store and get a bottle of S. S. S. you are on the way to getting rid of Catarrh. But don't let anyone work off that old trick of something "Just as good."

S. S. S. is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution.

S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

The medicinal components of S. S. S. are relatively just as essential to well-balanced health as the nutritive proper-

ties of the grains, meats, sugars, and fats of foods. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease, write to The Swift Specific Co., 302 Swift Bldg., Atlanta, Ga.

Do not trifle with substitutes, imitations or any of the horde of "Just as good" counterfeits of S. S. S.

As the old town clock is about as frequently off as on duty, and the clock "fixers" hereabout seem unable to make it tell the time of day, Judge Bailey and the other members of the fiscal court might save money by providing the families in town with Big Ben clocks or Ingersoll watches.

Messrs. W. C. Fisher and Howard Moore, of Graves, Cox & Co., the mammoth gent's furnishing establishment of Lexington, were in Stanford Thursday at the parlors of the St. Asaph, exhibiting samples of high grade men's and children's wear and taking orders for same. They are said to have done quite a nice business while here.

Friends of the late W. C. Surber, postmaster at Junction City, have petitioned Postmaster General Burleson to appoint his widow to fill out the unexpired term. Such an appointment would be a popular as well as a just one. Mrs. Surber can fill the place quite as well as her husband and her friends will do all in their power to give her the opportunity.

Tommy Drewry, of Louisville, for a number of years a well known member of the Legislature from the Falls City, was in Stanford Thursday, boosting his friend, Wm. F. Blair, of Lexington; for Railroad Commissioner. He motored over from Danville, accompanied by John Cohen, brother of the famous Mat, who is making a runaway race for Commissioner of Agriculture.

Mrs. J. T. Hackley has just received news of the death from pneumonia of her aunt, Mrs. Mary Miller Maret, at Webb City, Missouri. Mrs. Maret was the widow of Addison Maret, formerly of Garrard county, and the sister of the late George W. Miller of the 101 Ranch, Bliss, Oklahoma. She was born and brought up in Crab Orchard, and was in her seventy-ninth year. Four daughters and two sons survive her.

Enclosing a check for her paper to January 1916, Mrs. W. R. Cundiff, formerly of this city but now residing at Stearns, Ky., says: "We are at Stearns now and like the place better than we did Worley. Dr. Cundiff still has the position of company physician, and as there are about 1,000 employees, he is kept pretty busy. I wish the Interior Journal a prosperous year and hope all of my Stanford friends are well and happy."

Mr. G. A. Benedict a valued friend of the I. J., is in town for a few days. Seventeen years ago he did the foolish thing to sell out his property in Lincoln and left, going to Washington county and buying a farm near Springfield. Said he: "I have been home-sick every day since I left this good country and if the good Lord lets me come back to God's country, I'll promise never to leave it again, even for a day." And his many friends here are fully as anxious to have him return.

No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets because they taste good and never gripe or sicken.

It is understood that Miss Bettie Royalty, who has taught the primary department of the graded school here for the last four terms, will resign her position at the close of the present term. She has been tendered the position as teacher in the public school at Grove. Miss Bettie is a most estimable young lady and could have held her position here indefinitely.

Speaking of the low prices on tobacco on the Danville breaks last week, reminds us that growers of the weed here, were anything but pleased with the prices they received for their 1914 crop. About four and a half cents was the average, though a few did a little better.

As matters now stand, it looks as though Bosworth and Black are the choice of a very large majority of democrats here for Governor and Lieutenant Governor though should Hon. James Garnett shy his castor in the ring sentiment would change as regards the race for Governor. In the fact the Attorney General is the choice of every democrat here with whom we have talked and many of them have expressed themselves as being anxious that he make the race.

J. C. Fogle went to Danville Thursday to see his mother, Mrs. Martha Fogle, who is ill.

J. A. Winter had a force of a half dozen men putting the telephone line from here to Liberty in order. He says he intends to give good service in the future and his efforts last week showed that he means what he says.

Mrs. Alice Wilson, postmistress at Eli, Russell county, spent several days of last week here with her father, A. H. Hall.

The very low price of tobacco has been too much for farmers in this section and a general cut out is seriously talked of here. The average price received by farmers here about has been about four and a half cents. Some have sold as low as two cents.

There are already four candidates in the field for the republican nomination for representative in the legislature and still others to come.

Judge Lincoln Wells and F. A. Land are out for Circuit Clerk and it is said that others will show up by and by.

Rev. J. L. Dotson, of Harrodsburg, has been preaching some fine sermons at the Baptist church here during the week past. He is a very forcible speaker and never fails to interest his audiences. A. A. Yocum, who has charge of Q. & C's electric block signals with headquarters at McKinney, was in town this week on business.

Ollie Hazelwood, who sold his stock of goods to Tommy Ball, will move to Rowland in a few days. The "Mayor of Maywood" will soon again be a citizen of Stanford.

J. W. Hamilton has just completed the work of placing signs at all the street corners down town, and has also been engaged in numbering the residences of Stanford in accordance with the requirements of the post-office department.

Col. E. C. Jordan, the popular proprietor of the St. Asaph Hotel, has just had a very handsome gold sign erected by J. W. Hamilton, the local sign painter. It is a very nifty piece of work and is attracting much attention.

George T. Wood, of Broken Arrow Okla., who has been back a week or ten days with his family, returned to his western farm Wednesday. POTASH

is food for thought
as well as for crops
this year.

When shipments were interrupted by the war, it was estimated that there was enough Potash on hand in the United States to provide two and three per cent Potash in mixed fertilizers for this spring's trade. Some manufacturers had more than enough for these percentages.

Since then minor sources of Potash have been fully utilized, and additional shipments from the usual source are still being received. The supply is below normal, but this need not prevent farmers securing some Potash in their fertilizers, nor should it lead farmers to decide not to use fertilizers.

There is no reason to return to the out-of-date goods without Potash, although some authorities may try to "wish" them on us.

We have not used enough Potash in the past. The largest annual import of Potash was only one-seventieth of the Potash taken from the soil by our 1914 corn crop and only one-fiftieth of the Potash lost every year in drainage water.

Spring crops use from two to ten times as much Potash as Phosphoric Acid. Get as much Potash in the fertilizer as possible. A few firms are offering to furnish from four to ten per cent.

There is no substitute for Potash. It may be harder to get just now, but POTASH PAYS.
